

ATTENTION

All HEAVY class drivers will be weighed after qualifying. If a heavy class driver weighs **110** pounds or lighter after qualifying, the driver will be weighed again and be asked to remove ALL of their safety gear, which includes, suit, helmet, shoes, and gloves. Be Prepared! This procedure can be found in the rule book on page 45.

Also, reference the QMA Scoring procedures on page 4:

“If a Heavy class DRIVER is found light after qualifying, they will be assigned with a NT (No time), and placed in the last qualifying spot of the LIGHT DIVISION of the same class.

If a CAR is found to be light, or is disqualified after qualifying for any other reason, it will be given a DQ for its qualifying time and placed in the last qualifying spot of its class/division. The weight or other infraction must be corrected prior to racing.”
